

Southern Rivers Catchment Management Authority
and Landcare Illawarra

THE "VEG" IN THE EDGE

Find out more about how to manage that weedy edge to your patch of remnant vegetation. This field day will look at a range of integrated techniques to improve the health and condition of Illawarra's native vegetation.

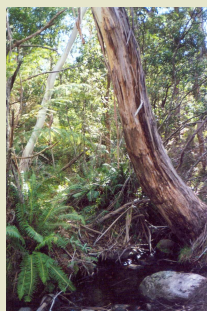

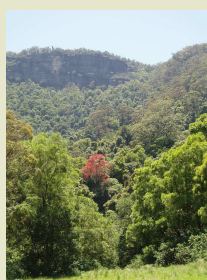

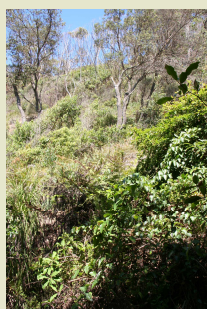

When: Saturday 25 February — 9am to 12.30

Where: 263 Curramore Rd, Curramore

The event will involve some walking. Please wear sturdy footwear, long trousers, long sleeved shirt and a sun hat. Bring wet weather gear, drinking water, insect repellent and sunscreen. Morning tea and a light lunch provided.

Escarpment to Sea

SRCMA has developed a biodiversity program to protect and enhance regional corridors.

Plant identification.

What can you do?

Practical weed control techniques.

Where to find help.
